Harborview of Port Washington H.O.A. Inc. Representatives:
Robert Calica
Ted Reisman
Marvin Stone
Bill Coddington

The meeting was called to order at 8:05am and began with the Pledge of Allegiance.

The minutes from the previous meetings held on September 3, 2015 and September 10, 2015 were approved. Moved and seconded.

The Commissioners entered Executive Session at 8:10am for the purpose of discussing potential litigation.

The Commissioners exited Executive Session at 8:15am and proceeded with the regularly scheduled meeting of the P.W.G.D.

Four representatives from the Harborview of Port Washington H.O.A. Inc. attending the meeting introduced themselves to the Commissioners.

The Association's president Robert Calica spoke first. Mr. Calica stated that Harborview's offering plan to the Town of North Hempstead was set up so that the development would not require services from the Port Washington Garbage District but would be required to pay District taxes. He further described the offering plan as having been used as an unfair bargaining tactic and that Harborview is appealing to the discretion of the Commissioners to be included in the District's collection schedule. Commissioner Scaglione informed Mr. Calica that when Harborview's plan

was presented to the Town of North Hempstead, it was noted that the development would not have any environmental impact on the District. Mr. Calica described the physical layout of the Harborview development, indicated that they are currently contracting with Meadow Carting for garbage collection services and that their contractual fees equate to the tax contributions to the District. He acknowledged that Harborview is a gated community and has no legal right to stand on to demand services from the District, but that their request is a “fairness” request and they are trying to get relieved of this “unfair bargaining tactic”, imposed on them by the developer.

Mr. Calica also stated that over the past year, Harborview has spent \$15,000.00 on repairs to their roads and \$30,000.00 on sidewalk repairs. When asked who performed the repairs, Mr. Calica stated that an outside contractor performed the work. Mr. Calica acknowledged Harborview residents pay Town of North Hempstead’s Highway, Lighting, and General taxes yet receive no services from the Town as Harborview is a gated community with private roads and sidewalks.

Mr. Coddington reiterated, “We created an element of equality with the Meadow contract and current pick-up to what we would have with the District”.

Harborview’s tipping fees were discussed. The members of the H.O.A. thought their tipping fees were paid for by the P.W.G.D. The Association members were corrected and informed that the fees are paid to the Town of North Hempstead.

Harborview H.O.A. public forum ended. The Commissioners informed the representatives that their request would be discussed and that they would be notified of a decision as soon as possible. The Association members exited at 8:55am.

Various bills and invoices were paid.

Phone calls and emails made to the District were discussed.

There being no further business, the meeting was adjourned at 9:15am. The next meeting will be held on Thursday October 8, 2015 at 8:00 am.
